

VWPOP95-L

for 70"-98" screens, landscape

VWPOP95-L is a professional pop-out mount designed to build a video wall in a comprehensive manner. Independent 8-point adjustment allows precise alignment of screens without the use of tools. The open design allows full access to cabling, and the included ties are used to hide the cables easily and aesthetically. Special retractable system for easy access for service purposes. VWPOP95-L is equipped with a lock to prevent uncontrolled structure opening. This mount ensures optimum comfort when installing a video wall.

FEATURES:

- Independent 8-point adjustment allows precise alignment of screens without the use of tools
- The retractable mechanism provides convenient service access to screens installed in recesses and places difficult to access for service purposes
- 20° tilt of the screen with the mount open increases access to the back of the screen from the bottom
- Mounting holes and carefully selected spacers eliminate the need for calculations on site
