

TRE100

VIDEOCONFERENCING TROLLEY

FOR 42"-75" SCREENS

This is an excellent choice for users looking for a practical solution that meets the highest expectations. It has been designed to provide comfort during a video conference, speech or public presentation. TRE100 is perfect for all professional applications in conference rooms, office rooms and educational facilities. It is mobile and allows practical use in any arrangement due to its ergonomic shape and stable aluminum structure. The TRE100 video conferencing trolley is equipped with a system that protects the monitor against falling and ensures intuitive adjustment of screen height. AV accessories, such as a laptop or camera, can be placed on shelves that are fitted directly to the vertical column. In addition, the integrated cable management system provides smart installation and makes the finished solution look very aesthetic.

FEATURES

- Modern design with high-end finish
- Stable and durable aluminum structure
- Horizontal or vertical screen installation
- Seamless adjustment of screen height
- Shelves can be fitted directly to the supporting column
- Simple and fast installation
- Non-marking braked castors
- Integrated cable management system for smart installation
